

BRAKE PARTS CLEANER

Spectra Lube Non-Chlorinated Brake Parts Cleaner effectively removes brake fluid, oils, greases, and contaminants from brake and clutch parts.

- Leaves no residue.
- Stops brake squeal for both discs and drums while improving overall brake performance.
- Free from chlorinated solvents, complies with California Low-VOC standards.

Use extension tube for pinpoint directional spray. *Note: Product is extremely flammable; do not use on or near energized equipment. Do not use on polycarbonate or styrenated plastics as active solvents may cause distortion.*

Typical Properties: The values are typical production values. It is the responsibility of the installer and/or purchaser to determine if these specifications are adequate and proper for the intended application.

Property	Spectra Lube Non-Chlorinated Brake Parts Cleaner	Method
Propellant	Carbon Dioxide	
Flash Point	<0°F (-18°C)	ASTM D 92
Specific Gravity	0.73-0.75 for Concentrate, typical	ASTM D 1298
Spray Pattern	Shotgun Blast	
Texture	Heavy Wet Quick Flas Solvent	
Appearance	Clear Liquid	
Consistency	Light	

Available in 12/1 cases. Item Number 461289

For industrial use only. Refer to SDS for further information. Avoid food contamination during applications and storage.
